# Online and distance learning: what do students need to succeed?

Sir John Daniel
Co-founder of EDEN

The status of the pandemic varies. In some jurisdictions it seems under control. Others are seeing new spikes of infection. A few large population countries, notably Brazil, India and the United States, have failed to control the spread of the virus.

The number of cases worldwide may soon reach 30 million.

CORONAVIRUS – COVID-19 : HOTSPOTS
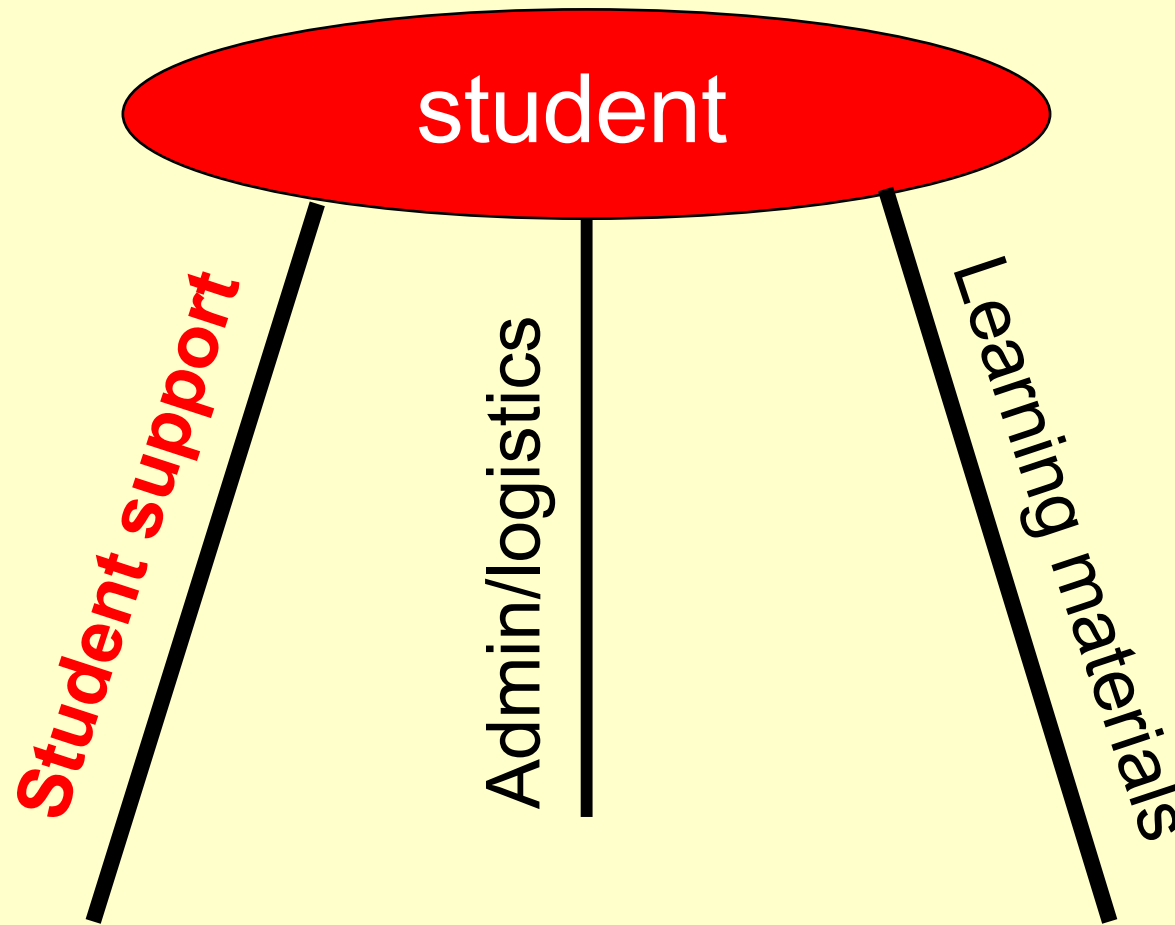

THREE ASSUMPTIONS

Higher Education Institutions need:

➤ Resilience to face crises

➤ Capacity to switch to online operations

➤ Students assess online as satisfactory
